

History of Workshops and Symposium			
	Title	Time	Type
1	Water Treatment and Desalination	1979	Symposium
2	Natural Gas synthesis and Production	1992	Symposium
3	Natural Gas synthesis and Production	1992	Short Course
4	Corrosion and its control	1992	Symposium
5	Corrosion in Various Media and its method of Control	1992	Short course
6	Corrosion Principles	1992	Short course
7	Seawater Desalination	1994	Symposium
8	Industrial Waste Water Treatment	1994	Short Courses
9	Hot Corrosion	1999	Workshop
10	Material Engineering: Types, structure, selection, failure analysis, protection and improvement	2000	Short course
10	Corrosion in Industrial Premises	2000	Workshop
11	Process Control of Chemical Industries	2001	Workshop
